Be Bold.

The new BlackBerry® Bold™ 9700 smartphone

For more information on the BlackBerry® Bold™ 9700 smartphone, please visit **www.blackberry.com/uk**

1. Requires activation with appropriate data plan. Check with service provider for availability, costs and restrictions. 2. Requires activation with voice plan. 3. Web-based email support varies from carrier to carrier. Contact your provider for more details. 4. The ability to send pictures is not supported by all instant messaging programs. Check with your IM provider for supported features and services. 5. The BlackBerry® Bold™ 9700 smartphone supports Wi-Fi 802.11 b/g. Not all BlackBerry plans support Wi-Fi access to BlackBerry services. Check with your service provider for supported services and features. 6. The ability to send pictures is not supported by all instant messaging programs. Check with your IM provider for supported features and services. 7. Supports all A2DP Bluetooth accessories. 8. Actual speeds may vary by carrier and are dependent on network load. 9. For a complete list of supported media file formats, visit www.blackberry.com/go/mediafiles 10. Depending on the amount of built-in memory available for use, a third-party microSD card may need to be properly inserted into the BlackBerry smartphone to enable the video recording feature. MicroSD cards may be sold separately. 11. For BlackBerry Media Sync to work, your media-enabled BlackBerry smartphone must be connected to your computer via a USB cable. Certain music files may not be supported by the media player, including incompatible file types and files that contain digital rights management technologies. BlackBerry Media Sync is compatible with devices featuring BlackBerry® Device Software v4.2 or later. Devices that do not feature built-in mass storage capabilities (significant amounts of on-board memory) will require a microSD card to be properly inserted. Please visit www.blackberry.com/mediasync/microSD for a list of devices requiring microSD cards. BlackBerry Media Sync is compatible with 32-bit editions of Windows® XP Service Pack 2 which can be used with iTunes version 7.0 or higher AND 32-bit editions of Windows Vista™ which can be used with iTunes version 7.2 or higher. Not compatible with Windows 2000 or with MAC OS. All applicable charges will still apply for the purchase of music from iTunes. 12. BlackBerry® Bold™ 9700 smartphone is designed to access 3GPP RTSP mobile streaming web sites. If the streaming functionality is accessed via the WAP Browser, significant additional charges may apply. Check with your service provider for supported features and services.

Check with your service provider for roaming arrangements, service plans and supported features and services.

BlackBerry Bold 9700 smartphone

Stay in Touch

Features	Benefits
Trackpad	Based on optical technology, the trackpad helps you easily scroll through the information you need, with an experience similar to the trackpad on a laptop computer.
Wi-Fi Support (UMA/GAN)	Added Wi-Fi® connectivity makes accessing to your BlackBerry® data services in Wi-Fi hotspots or other areas with Wi-Fi connectivity convenient and easy.[5]
Full-featured phone	Have the features of a desktop phone with you when you're between appointments or running late.[2]
Bluetooth-enabled (v2.1)	The BlackBerry Bold 9700 smartphone is Bluetooth-enabled,[7] so you can keep your hands free to focus on other tasks at hand.
3G (HSDPA) Compatible	Designed to take advantage of the speeds available on 3G networks.[8]
Send and receive text and picture messages (SMS & MMS)	Keep in better touch with contacts who prefer text[2] and picture messaging.[1,6]
Enhanced Web Mail	Whether you use Gmail®, AOL® Mail, Windows Live Hotmail™ or Yahoo!® Mail, you can enjoy on-the-go access to your favourite supported web mail.[1,3]
Edit Microsoft Word, Microsoft Excel and Microsoft PowerPoint Files	Enjoy the flexibility of working on Microsoft® Word, Microsoft® Excel and Microsoft® PowerPoint files from just about anywhere.[1]
Instant messaging	Chat from just about anywhere using Windows Live™ Messenger, Google Talk™, Yahoo!® Messenger, AOL® Instant Messenger™ or ICQ® apps built specifically for BlackBerry smartphones.[1]
Social Networking for BlackBerry smartphones	Facebook® for BlackBerry® smartphones, Flickr™ Photo Uploader for BlackBerry® smartphones and MySpace® for BlackBerry® smartphones.[1]

Entertainment on the Go

Features	Benefits
Media Player	Watch your videos[9] and listen to your music all with the excellent visual and sound quality you expect from your BlackBerry smartphone.
Camera	Take photos wherever the inspiration hits you with a 3.2 MP camera with image stabilisation, auto flash, auto focus and zoom.
Video Recording	When you need sound and action to help you tell the story, the BlackBerry Bold 9700 smartphone comes with built-in video recording.[10]
BlackBerry® Media Sync	BlackBerry® Media Sync lets you sync your desktop iTunes or Windows Media® Player music files with your BlackBerry smartphone. In just a few easy steps, you can take your tunes on the go, wherever you go.[11]
Mobile Streaming	Access videos, music or even sports and news clips from web sites built for mobile streaming.[12]

Instant Information

Features	Benefits
GPS Capabilities and BlackBerry® Maps	Designed to work with BlackBerry Maps and other location-based software, it can help determine where you are and how to get where you need to be.[1]
HTML Browsing	A dynamic browsing experience, to help you get the information you need, when you need it. With the BlackBerry® Browser, you have easy access to the Internet with web pages that are easy to navigate and read.
Business Ready	For small to medium-sized businesses, Hosted BlackBerry® services and BlackBerry® Professional Software are designed to offer affordable solution options. For large organisations, BlackBerry® Enterprise Solution is designed to provide advanced security features and enterprise-grade functionality.
